Placing implant

Setting a closure cap

Free use

Rinsing

STRONG CONTRA ANGLE

- Adjustable brightness helps surgery more clearly and precisely.
- Put the water inlet on the bottom.

Eighteeth

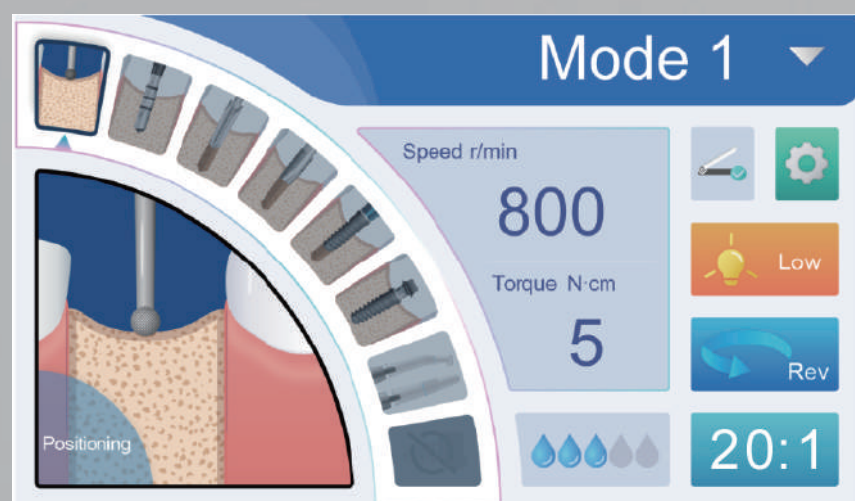

Other brand

- * Useful: avoid scratches when disassembling.
- * Comfortable: there is no water pipe at the front of the contra angle, which takes up less space in the mouth and makes the patient more comfortable.
- Ergonomically designed and well-balanced
- Comfortable to hold without fatigue
- Detachable
- Durable

USER-FRIENDLY

- LED color touch screen: simple interface, intuitive, sensitive and easy to use

- 8 modes: enter the surgery quickly and dentist can set parameters and customize the mode.

- Data recording
Data can be downloaded by USB flash disk.

MULTI-FUNCTIONAL FOOT PEDAL

- Intelligent, user-friendly and aseptic operation
- Compared with other brands, Eighteeth foot pedal can be started by stepping on only 2mm, which is more sensitive.

- ① Start/stop button
- ② Water volume control button
- ③ Program switch button
- ④ Forward/reverse switch button

QUIET WATER PUMP

High performance: maximum water volume can reach 130ml/min.

Adjustable water volume

Simple connection

SPECIFICATIONS :

Speed(rpm)	200-40,000
Torque(N · cm)	5-80
Max. pump output(ml/min)	130
Program	8
Screen	LED color touch
One-button calibration	Yes
Light	White LED
Luminance(lux)	over 32,000
Length of motor cable(m)	2
Volume(cm)	24x26.5x15
Weight(kg)	3.65
Power supply	220-240V & 100-120V 50/60Hz
